Fund Raising on School Property
Old #1330.2

5830 FUND RAISING ON SCHOOL PROPERTY

School-Related Activities

The Board requires that access to the school property and individuals within the school environment be protected from unapproved fund raising.

The CSA is authorized to approve fund raising by district-sponsored or school-sponsored activities. Such activities shall comply with acceptable educational practices and with all relevant policies such as the use of the school facilities, advisor and other adult supervision, security of funds, money management, and scheduling requirement.

New types of fund raising activities that have not been previously sought may be referred to the Board by the CSA.

Outside Groups

No outside person, group or organization may solicit funds by any method without the approval of the activity by the CSA.

The CSA shall formulate procedures to implement this policy in accordance with the restrictions imposed by relevant policies.

A copy of this policy and any relevant policies necessary shall be given to individuals, groups or organizations granted permission to solicit funds on the district's property.
