## **2110 PHILOSOPHY OF EDUCATION/DISTRICT MISSION STATEMENT**

### Philosophy

The Haddonfield Public School District recognizes that learning occurs through intellectual pursuits, social interaction, responsibilities, and physical and aesthetic endeavors. Furthermore, it recognizes that each student has a desire to learn, comprehend the environment, and eventually identify and assume a positive role in society. The administration, staff and parent(s) or legal guardian(s) are keenly aware that each student is unique; therefore, they work together to promote maximum learning, intellectual growth, and social involvement in an atmosphere of trust. Each student's active participation in the educational as well as the social processes is strongly encouraged - so that full potential may be achieved.

### Mission

We nurture. We inspire. We empower.

The Haddonfield School District nurtures, inspires, and empowers every learner. In collaboration with our community, we nurture unique abilities and foster a climate conducive to taking risks in pursuit of excellence. We inspire lifelong learners to excel in their endeavors. We empower each other to be inclusive, flexible, and critical thinkers in a global community.
