School District Goals and Objectives

## **2132 SCHOOL DISTRICT GOALS AND OBJECTIVES**

### **Strategic Plan Overarching Goals**

1. **Nurturing Social-Emotional Wellbeing:** We will nurture self-awareness, social awareness, self-management, relationship skills, and responsible decision-making to ensure the social and emotional well-being of our learners (adults and students).
2. **Inspiring Cultural Responsiveness and Sustainability:** We will inspire learners to advocate their understanding of our interconnectedness to engage meaningfully and respectfully with people of diverse identities, experiences, and points of view.
3. **Empowering Innovation through Flexible Learning Environments:** We will empower learners to engage critically in a connected world through relevant content, innovative technology, flexible learning environments, and purposeful experiences.

### **District Goals for 2022-23 Incorporating HSD's 3 Strategic Goals**

1. **Belonging:** Students will feel they are valued members of the school community, improving motivational, behavioral, and academic outcomes.
2. **Engagement:** Students engagement occurs when learners intellectually engage in challenging content through well-designed learning tasks aligned with targeted outcomes. Students will actively learn through rigorous and relevant curriculum, instruction, and assessment.
3. **School Climate:** Staff perceptions of the overall social and learning climate will improve.
